Families and student mentors are warmly invited to The Rite Journey Homecoming on Wednesday 2 December, our Year 9's final day of school at the Flinders Park Campus. The Homecoming is the final ceremony of The Rite Journey. It celebrates the Year 9 cohort and marks the end of their time in the Middle School. It honours the growth students have shown this year and welcomes them back as young men and women ready for the next stage of their journey.

During the cohort presentation, two students from each class will receive Rite Journey Awards. These awards recognise two students: one who has embraced the program most fully, and one

who has demonstrated the greatest personal growth throughout the year. Students will then move to their individual class presentations, where they will reflect on their journey and thank the family members and mentors who have supported them along the way.
