***Under 6 and Under 7 Soccer teams DO NOT TRAIN- These teams participate in a clinic prior to their Saturday match**

Years 2-6 Uniform Requirements for School Sport Training

During Terms 2 and 3, students who have school sport training before or after school are permitted to wear their sport uniform on the day of their training.

Should your child wish to wear specific football or soccer attire to train in after school, they are required to wear their winter uniform throughout the day and get changed after school.

Students who train during their lunch time are required to wear their winter uniform and put their sneakers on for the duration of the training and then change back into their black leather school shoes for the remainder of the day.

Class teachers will be provided with a training schedule and a list of students involved so they are aware of who is involved with each training session.
