## Year 4 | CyberSafe Families Parent Information Night

Children in Year 4 will be receiving a laptop as a tool for their learning. An integral part of Nazareth's Laptop Agreement requires parents/caregivers and students to attend a Cyber Safety information session presented by Cybersafe Families.

The student session will occur during school hours and will cover:

- Skills that encourage young people to be good digital citizens
- Ways for students to conduct themselves online safely and respectfully
- Guidance on how to have positive online experiences

**The Parents/Caregivers session will take place on Monday 20 February in the MacKillop Hall from 6:30-8:00 pm.**

This session will provide strategies to make the home environment cyber safe. It is important to fully understand both the opportunities and the threats that the online world present, and to be equipped with the knowledge about the best practices available to protect your family. This is a fantastic opportunity for you to learn more about young people and the online environment, and how you can help your child to be a safe and responsible user of technology.

**This is a compulsory information session that at least one adult member of the family must attend** (unless you have a child currently in Year 5 at Nazareth) **so that your child can begin taking their laptop home. Should you not be able to attend this session, it will be necessary to attend a make-up session.**

**Please register your attendance using the following link by Monday 13 February: [www.nazareth.org.au/year-4-cybersafe-families-info-session](http://www.nazareth.org.au/year-4-cybersafe-families-info-session)**

Please note that due to the content presented during the parents/caregivers session, Cybersafe Families request that no young people attend. If you require supervision for your child, please indicate this on the registration form as supervised care will be provided.

We look forward to seeing you on Monday 20 February.

If you have any questions, please contact [Mrs Olivia Bordignon](#).
