3. Select their desired sports by clicking in the tick boxes and submit nominations as prompted.
4. Year 7-12 students who are representatives of Nazareth Sports Academies ([see Curriculum Handbooks online](#)) are required to nominate for their Academy sport.
5. Both parents and students will receive a confirmation email of sports selections for 2024 on the day of nomination.
6. For new students to the school, the email will be sent to the parent contact.

As the number of teams entered in competitions is based on these nominations, students are obligated to commit to that sport/team for the season inclusive of all programmed trainings and match fixtures.

Addition or Deletion of a Program

For the **addition** of a sport or the extension of a sport to another competition level, the following criteria will come under consideration:

- There must be enough students both interested in and proficient at the sport.
- The impact introducing the sport will have on other sports within the Nazareth Sports program.
- The sport, once commencing, must not draw significantly on the sports budget so as to detract from provision on other sports.
- Facilities, venues and appropriate personnel requirements for that sport.
- The sport must be offered by one of our relevant sporting bodies.

For the **deletion** of a sport, the following criteria will come under consideration:

- Data that indicates a decline in student participation levels;
- A significant rise in costs associated with involvement in the sport.

Sports Uniform

It is expected that all students who represent Nazareth be attired according to the sport Uniform Requirements. All sporting uniforms are available for purchase through the College Uniform Shop:

260 Grange Road, Flinders Park
Ph: 8351 7486

For further information on specific sporting uniform requirements please access the College Uniform Requirements available on the Nazareth website.

Team Selection

Where teams are entered to represent Nazareth at a high level, including all Open A and Firsts teams, it is appropriate to select based on ability. Coaching staff for each of these teams will determine the selection of their teams and the game time for individuals based on the needs of the team at the time. Where teams are entered to represent the College in lower divisions, the emphasis is on improvement, enjoyment and equal opportunity. All players should be assured of game time on an equal basis, dependant on their continual commitment to the team training and matches. It is not permitted for students to withdraw from a sport based on team selection (refer to Nomination Process). The establishment of co-curricular teams is at the discretion of the Sports Coordinators, and requests for students to be assigned to teams with their friends will not be considered.

Trials

Team selection will be subject to trial procedures relevant to each sport. During the trial period, there is to be no communication with members of the Selection Panel from players or parents regarding the trials. Communication can be made through the relevant Sport Coordinator. Players are advised that selection following trials is not absolute and review of selection of players is ongoing during training sessions and matches and further player movement may occur under the guidelines of the affiliated Sporting Association. Any appeal by an athlete regarding selection outcomes must be made in via email to the relevant Sport Coordinator.

Match Cancellations

Where applicable, any match cancellations due to weather or forfeit will be communicated directly with parents/caregivers and students via email and or text messages from the relevant Sports Coordinator.

Training & Match Information

Sports Training

- Sports trainings held before, during or after school are scheduled according to coach and venue availability.
- Students are expected to attend all scheduled training sessions as part of their team commitment.
- If a student is unable to attend a training/ game for any valid reason, they are required to communicate this absence with the relevant Sports Coordinator.
- Relevant Sport Coordinators may contact parents to validate reason for absence.
- At Years 7-12, failure to correctly notify Sport Coordinators regarding absence at training on a first occasion will result in a meeting with the relevant Sport coordinator and disciplinary notification recorded on SEQTA. A second and/or subsequent offence will result in further disciplinary action in accordance with the College levels of intervention.
- Parents are asked to arrange external appointments at times that avoid disruption to team training sessions.
- Trainings are subject to cancellation as per the relevant Sports Associations' Extreme Weather Policy.
- If 7-12 students do not have PE on the day of their scheduled practice, they will be required to change into appropriate sports attire at the conclusion of the school day, in preparation for practice.
- R-6 students who have school sport training before or after school are permitted to wear their sport uniform on the day of their training. Should your child wish to wear specific football or soccer attire to train in after school, they are required to wear their winter uniform throughout the day and get changed after school. Students who train during their lunch time are required to wear their winter uniform and put their sneakers on for the duration of the training and then change back into their black leather school shoes for the remainder of the day. Class teachers will be provided with a training schedule and a list of students involved so they are aware of who is involved with each training session.

Music / Sports

- It is quite common for students to have conflicting sports and music commitments. This is not a major concern. The music and sports departments at Nazareth work very well together and allow for flexibility in commitment level to allow for student participation. A common outcome when sports/ music practice are on at the same time is for the students to train for sports one week and then for music the next. Any further individual questions or concerns can be made to the Sports Coordinators

Match Absence Procedure

- It is the student/player's responsibility to seek match team selection and details on a weekly basis.
- Known absence from matches due to injury or exceptional circumstances must be communicated to the coach and relevant Sport Coordinator no later than the final training prior to the match. Where possible, more notice is preferable. At Years 7-12, failure to correctly notify the relevant Sport Coordinator regarding match absence on a first occasion will result in a meeting with the relevant Sport coordinator and disciplinary notification recorded on SEQTA. A second and/or subsequent offence will result in further disciplinary action in accordance with the College levels of intervention.
- Relevant Sport Coordinators may contact parents to validate reason for absence.
- If absent on a Friday due to illness or exceptional circumstances and unable to play, please notify the sports coordinator and coach prior to 1pm.
