Year 5/6 (30 June)	Nazareth (22.21.153) <b>defeated</b> Star of the Sea (0.2.2)	Today was our first early game and we had to battle the elements with constant rain for most of the game. The message before the game was to play to the conditions and stay committed to the team rules, and to the team's credit they put in an outstanding and consistent effort all game. Each week the pressure around the footy and the willingness to support each other continues to grow which, is a sign of a good team. Today we announced our new Captain (Connor) and Vice-Captain (Liam) who both played a terrific game and again led from the front. Both players took strong marks in testing conditions and kicked a bag of goals. Finn, Jasper, and Ivy again provided grunt all over the ground and have been great consistent play makers all year and have fed the forwards well. Next, I thought Antony, Paulo and Henry also had great games across the field and hitting the scoreboard. The group should be very proud of their efforts and should keep challenging themselves to become a better team as I still believe we have got good growth and improvement ahead. Thanks, again to the parents that helped this week. Your help is always appreciated. I look forward to seeing all the players on Monday night ready for a productive season. Coaches: Mr Adam Carroll, Mr Jack Hackenbruch.
